Profile

I am a dedicated developer with experience in full-stack development looking for a full-time position. I have a bachelor's degree in computer science from NTNU and have worked on various projects that have given me solid experience with both front-end and back-end technologies. I am always eager to learn new skills and improve my existing knowledge.

Education

 **NTNU**, Bachelor in Computer Science
aug 2022 - jun 2025

Focus on software development, web development, databases and system design. Project work in teams and practical experience with modern technologies.

Work Experience

 **Ulstein AS**, Data Analyst (Internship)
sep 2024 - nov 2024

Carried out an internship at Ulstein AS, where I gained practical experience with data visualization in a professional environment. I worked on visualization of ship data using Python and SQL through Snowflake and Azure.

 **Bunnpris**, Shop Assistant
jun 2022 - now

I have been working as a seasonal worker at Bunnpris, where I have gained experience with customer service, merchandise handling and store operations. I have learned to deal with stressful situations and work effectively in teams to ensure a good customer experience.
